

## Tools & Accessories

### 110v Leister TriacDrive with Heat Gun & Case

### Product Details

This semi automatic hand held hot air welder is small, compact, very easy to handle and great for getting into tight places. This unit is great for hot air welding all IB Membranes to perimeter PVC clad metal that would otherwise be done completely by hand.

Leister TriacDrive is equipped with:

- Drive unit.
- Double supporting carrier.
- Pressure roller 30mm, (1.2”).
- Overlap welding nozzle 30mm, (1.2”).
- Guide handle.
- TRIAC PID.
